

ASMG Signs as Lead Sponsor for NASCAR Modified Return to Oxford

Oxford, ME — April 13, 2026 — Officials with Oxford Plains Speedway (OPS) have announced All States Materials Group (ASMG) has signed on as the leading partner for the upcoming NASCAR Whelen Modified Tour race at the speedway. The All States Materials Group 150 will take place on May 2, 2026, at 2:45 p.m. as the open-wheeled NASCAR Modifieds make their first visit to Oxford Plains Speedway in 35 years.

“We are thrilled to partner with such a great company like All States Materials Group to bring the NASCAR Modifieds back to Oxford for the first time in 35 years,” said OPS President Tom Mayberry. “We think this is going to be a great show that no one will want to miss.”

All States Materials Group has been a family-owned and operated business in the heavy/highway construction industry for over 65 years. Headquartered in Massachusetts, ASMG has facilities across the Northeast, including several throughout the state of Maine. They are an industry leader in the production and supply of liquid asphalt products and high-quality construction materials, including aggregates, hot mix asphalt, and ready-mix concrete. ASMG also provides asphalt paving and road maintenance services throughout the region.

As ASMG continues to grow and expand, it is always seeking new talent to join the team! With many exciting opportunities for growth and a competitive compensation and benefits package, there is sure to be an opportunity at a location near you.

The NASCAR Whelen Modified Tour previously visited Oxford five times from the mid-1980s to the early 1990s, with its last trip in June 1991. Future Modified champion Jeff Fuller was the winner that day. Other previous Whelen Modified Tour winners at the Route 26 oval include NASCAR Hall of Famer Richie Evans, former NASCAR Cup Series winner Jimmy Spencer, and longtime NASCAR Xfinity Series standout Mike McLaughlin.

The NASCAR Whelen Modified Tour is NASCAR's oldest racing division dating back to 1948, featuring powerful, lightweight stock cars with open-wheel aesthetics and "modified" bodies. Featuring drivers like Austin Beers, Justin Bonsignore, Ron Silk, and Matt Hirschman, the exciting series is known for its aggressive, short-track, grassroots-type racing.

“The 2026 season is shaping up to be one of our biggest yet,” said PASS President Tom Mayberry. “We are excited to give our fans some of the biggest races in the North and beyond.”

The event will also include Oxford Championship Series (OCS) racing for the Mid-Coast Excavation Super Late Models, Dow Excavating Limited Sportsmen, Spaulding Roofing Specialist Street Stocks, Green Lawn Solutions Mad Bombers, and KHM Thunder Stocks. Post time is 2:45 p.m. with the All States Materials Group 150 set to take the green flag at 6:15 p.m. A full schedule of events will be released soon.

General admission for the All States Materials Group 150 is \$40 for adults, \$15 for juniors ages 6-12, and free for ages five and under. Skybox rentals are also available. The NASCAR Whelen Modified Tour action will be streamed live on FloRacing, while OCS racing will be streamed on RacingAmerica.tv.

Oxford Plains Speedway will kick off its 2026 season with a special Sunday afternoon show on April 26. All seven OCS divisions are on the card with a post time of 2:00 p.m. Admission for the 77th OPS season opener is \$15 for adults (\$1 cash discount), \$5 for juniors ages 6-12, free for ages five and under, and \$30 for a family four-pack (2 adults, 2 juniors).
